Subject: Parkview's resident manager tested positive for Coronavirus and in Kaiser ICU

To: Juan Fregoso ([juan.fregoso@lacity.org](mailto:juan.fregoso@lacity.org)) <[juan.fregoso@lacity.org](mailto:juan.fregoso@lacity.org)>

Hi Juan,

Thanks to you and Mitch for dropping off care packages for the seniors. Unfortunately Anthony, our resident manager is in Kaiser Hollywood with a severe case of the Coronavirus. He was admitted yesterday and doing much better today while receiving oxygen. This is a heads-up that you and Mitch may wanted to be tested since you were exposed to him last Tuesday. Parkview has been practicing recommended precautions such as masks, gloves, hand-sanitizers, and physical distancing. I was tested today at a site close to my home in Woodland Hills.

We are working with Dr. Silao Office and our legal counsel in preparing a notice to all Parkview residents. Some do not have computers to make an appointment for testing or cars to go to a drive-thru test location. Is there way we could partner with the Council District and/or City in getting testing to come to Parkview for these seniors who may be at risk?

Thanks for the consideration.

Rick Wulfestieg, Parkview Senior living Community Relations

Well we'll. Juan and I both wore gloves and face masks the whole time we were inside which was a total of about 15 minutes I'd say. We didn't physically come into contact with anyone. But - we should still get tested.

Juan, which one is Anthony? Did he come out of the room while we were talking? Didn't he keep a distance?

Hello Sir,

He was in the office for the most part from what I recall. He stepped out to take the picture, I do not think he ever got close to us.

I just seen the picture we posted (Anthony is wearing the blue shirt).

Who's phone did he use to take the picture?

I took the picture with my work phone MR.

I used Ricks phone as well.

I always sanitize my phone when I get in my car after an event as well.

I sanitize everything I have touched every time I get back into my car incl phones, glasses, keys, car interior, outside and inside door handles, etc. I have been treating everyone I come across as though they are infected and vice versa.
